

### **About AICTE's ATAL Programme:**

AICTE Training And Learning (ATAL) Programme is an initiative by AICTE which aims at empowering faculty to achieve goals of Higher Education such as access, equity and quality. This Programme is designed to fulfil the need to train the young generation in skill sector and having faculty & technicians to be trained in their respective disciplines. It was felt that training with latest tools and technologies is vital to keeping an institute competitive and more productive. Training is required for increasing the knowledge and skills of students to make them more employable to acquire global competencies. It also transforms them to harmonize with society and most importantly to make them a good citizen of the country.

### **About GRIET:**

Gokaraju Rangaraju Institute of Engineering and Technology (GRIET) was established in the year 1997 with a noble vision by Dr. G. Gangaraju as a self-financed institute under the aegis of Gokaraju Rangaraju Educational Society. GRIET is approved by AICTE, New Delhi, permanently affiliated to and autonomous under JNTUH, Hyderabad. GRIET is committed to quality education and is known for its innovative teaching practices. It offers six UG and five PG programs in Engineering. It has state-of-the-art infrastructure and incorporates value education, social responsibility and problem-solving skills in the curriculum. It follows goal oriented and innovative practices to mould students into trustworthy, resourceful and multitalented professionals. The NAAC has accredited the Institute with "A++" grade. All UG and PG programs are accredited by NBA. GRIET got a rank of 172 in NIRF rankings for the year 2020 under Engineering category.

### **About ECE Department:**

The Department of Electronics and Communication Engineering was started in the year 1997 with four-year undergraduate program. Since then, the department has grown in the manifold and has become one of the prominent departments of the Institute. The department also offers M. Tech program in VLSI Technology. The department maintains a close liaison with industries and ensures that students are trained as per the current need of the society. The curriculum provides in- depth knowledge of both hardware and software skills. The department is full-fledged with adequate infrastructure and state-of-art laboratories and advanced simulation tools for carrying out research.

### **Important Dates:**

Last date for Registration : 20/07/2021

Selection Intimation : 30/07/2021

### **How to Register:**

No registration fee will be charged from the participants. Signup through AICTE portal (<https://www.aicte-india.org/atal>) and register to this FDP. No need to send FDP registration form to coordinator manually.
